TOEFL Listening Comprehension Transcript Narrator Listen to part of a lecture from a science class. Prof: Many people, including scientists, are confused about the distinction between nuts and seeds. Some dictionaries say a nut is also a seed, others say a nut is a fruit, and still others say a nut can be both a fruit and a seed.

Lecture 9 From Polis to Cosmopolis: Alexander the Great and the Hellenistic World, 323-30 B.C. There is little doubt that the Peloponnesian War ultimately signified the end of the city-state as a creative force which fulfilled the lives of the citizenry (on the Peloponnesian War, see Lecture 7). Throughout the 5th and 4th centuries, the political history of the Greek world degenerated into...

A classroom is a learning space, a room in which both children and adults learn. Classrooms are found in educational institutions of all kinds, ranging from preschools to universities, and may also be found in other places where education or training is provided, such as corporations and religious and humanitarian organizations. The classroom provides a space where learning can take place...
